1956

The Senior Class of
Union High School
Dugger, Indiana

PRESENTS
THE

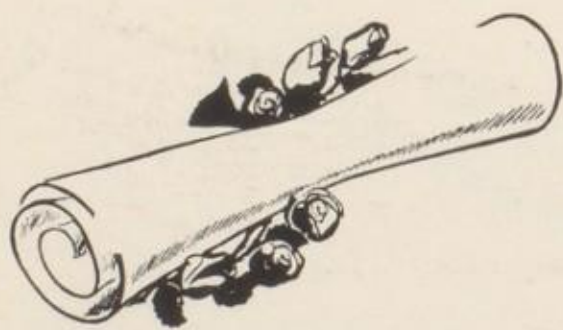

1956

EDITION
OF THE

GOLD
U

Dedication

We, the Seniors of 1955-56, dedicate this edition of the Gold-U, to our parents and guardians.

FOREWORD

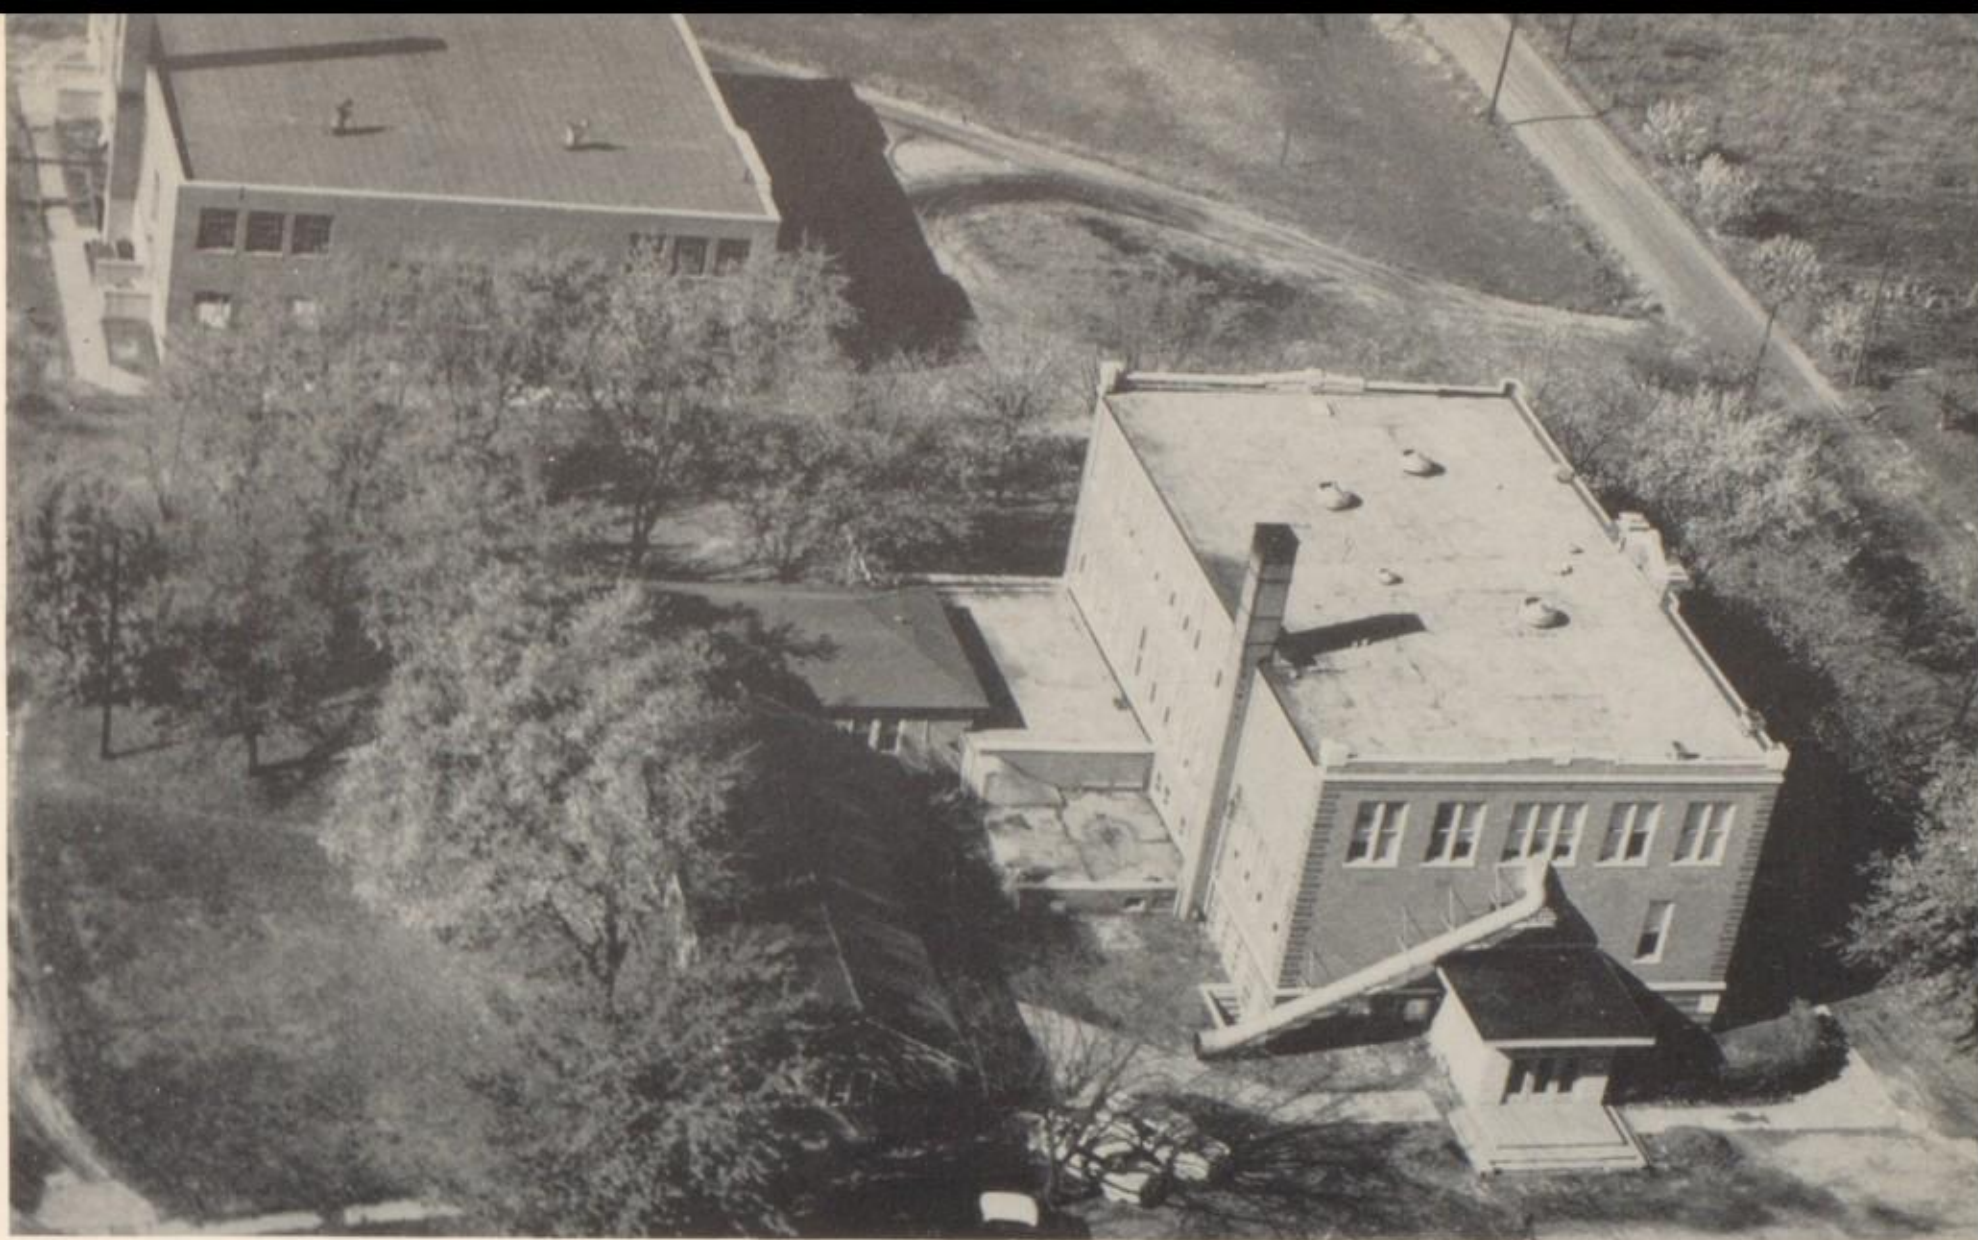

In hoping to make this book more than just a mere decoration on your bookshelf, the members of the 1956 Gold U staff have tried to capture true pictures of the year--pictures of what will some day be memories, some of the best memories of your life. As the time goes by and one finds himself far away with his future, he may glance back and then really evaluate these events that are appearing in our annual.

We hope that this edition will truly bring the alumni and the future alumni closer to U. H. S.

HISTORY

Union High School, at the present site, was founded and constructed in 1921. Since then many additions and improvements have been made to the buildings and grounds. In 1940 a new gymnasium was built and the grounds surrounding the main building were cleaned and some new trees were set out. In 1954 the High School building and the old gym were remodeled inside and out and the building took on the look of a new and more modern school. The football field behind the school has had many changes too; such as, new bleachers, lights, a house for concessions and the beginning of a new fence.

We are sure that the future holds many new additions and improvements for old Union High. We are also confident that the buildings hold many memories dear to all those who have attended school here and that this book will be like old-school-week to all those who take time to enjoy it.

LEFT TO RIGHT: Marshall Evans, trustee; Tony Pope, Lex Bedwell, and Ed Wilks, Advisory Board members.

ADMINISTRATION

OUR
PRINCIPAL

Mr. Ginger came to Union High School this year from Williams, Indiana.

He brought with him new ideas and improvements, and we feel that we have had a good school year.

OUR TRUSTEE

Mr. Marshal Evans, our new Trustee, came to us at the beginning of last year. With him, he brought many new ideas, which will improve our school and make it a better place.

Electricity has more than 300 applications on the farm and in the home. It pumps water, cleans barns, cooks meals, freezes food--helps increase farm production and profits, and decreases drudgery. No wonder electricity is still today's biggest bargain!

PUBLIC SERVICE COMPANY OF
INDIANA, INC.

Good, low cost electric service to more than 700 communities in 70 counties in Indiana.
